# LINA M. APARICIO ÁLVAREZ

Product Design Engineer and Web Developer with a B2 English proficiency level. My previous experience in various projects has enabled me to develop essential skills for working in collaborative environments, effectively solving problems, and maintaining a customer-centric focus. I am passionate about continuous learning and always eager to acquire new knowledge.

Recently, I made a significant career shift by entering the Information Technology (IT) sector. This transition, combined with my academic background and previous experience, has allowed me to comprehensively address web application development. This includes technical aspects, optimizing the user experience, and managing the complete project lifecycle.
